

Badger Callbacks – Tuesday September 15th

****Carefully read the following details****

Fantastic work at auditions on Monday! I'm so impressed by all the talent and thoughtful preparation you demonstrated. We had nearly 40 students audition and I can't wait to see what you will do with the text together this afternoon.

The first round of callbacks will begin on **Tuesday, September 15th at 3:10PM**. Be prepared to leave as early as 4:30PM and stay as late as 6:00PM. Thank you for being flexible – I want everyone to have an adequate amount of time to prepare and read, and I recognize that callbacks can be unpredictable and require patience.

Based on time constraints and the high volume of auditioners, female actors have only been called back for one role today. You may be called for the same or different roles tomorrow and may be considered for casting in roles you did not read for. You may not read every scene today, but you will read *at least once per role*.

Please pick up one hard copy of each scene you are called for, available outside the black box in the audition folder. I *highly* recommend highlighting your lines in advance!
